

## AGREE REPLIES TO SHERIFF

Clark Says If He Lost His Job  
and His Income Was Swept  
Away That He Could Sell  
Fake Life Insurance.

Dothan, Ala., June 25, 1915.  
Hon. John May, Sheriff of Hous-  
ton County:

Owing to the pressure of busi-  
ness in the Probate Office I have  
delayed answering the grave  
charges which you made against  
me about ten days ago, and this  
communication shall be strictly  
in line germane to the subject  
and to the charges which you  
made against me.

First, you or your representa-  
tive undertook to criticize me for  
the kind words which I used in  
my correspondence heretofore,  
as follows, to-wit: I used the  
words, "Mr. May, Johnnie, and  
My Friend." I used those phras-  
es on account of the life time in-  
structions from my father and  
mother. I never expected to be  
criticized by using nice, gentle,  
manly phrases in addressing the  
public or answering any commun-  
ication. In fact I have been  
taught from my infancy up to  
say nothing against a gentleman,  
use no terms against a gentleman  
that would in any way reflect on  
the character or honesty of my  
parents. So I shall in the future  
as in the past continue to use the  
best language I know in discuss-  
ing all questions at issue.

Mr. May alleges that I am sup-  
porting Judge Crawford solely  
for the purpose of retaining my  
job in the Probate Office. He  
certainly is mistaken in making  
this allegation. I appreciate my  
job very much because I like to  
work, understand my business,  
and it gives me employment.  
However, I say with pride that  
I have so conducted my business  
in the past that my income is suf-  
ficient to care for me and my wife  
without any job whatever. I have  
been offered a position in Dothan  
with a larger salary than I am  
receiving at the Probate Office,  
and with less hours to work, and  
less duties to perform. I declin-  
ed this position because I was  
interested in my own work in the  
Probate Office, and was interest-  
ed in the success of Judge Craw-  
ford's administration. So I ex-  
pect to retain my same place even  
at a personal sacrifice, until  
Judge Crawford's time expires.

Next, Mr. May alleges that my  
character for truth and veracity  
is very deficient. In reply to  
this I will kindly say to Mr. May  
that I am not satisfied with him  
alone sitting on the jury to pass  
on my character. I shall expect  
at least a chance to pass upon  
the jury that tries my case, for  
honesty and integrity. I have  
been living in Dothan eight years  
and have had business transac-  
tions with practically every busi-  
ness house in town, and I shall  
kindly ask that they be placed  
in the jury box. Again my du-  
ties in the Probate Office have  
put me in direct touch with pos-  
sibly two thousand citizens of  
Houston county. I shall also ask  
that they be put in the jury box.  
The verdict of the above men-  
tioned people will be entirely sat-  
isfying to me.

## NEW OFFICERS ARE INSTALLED

Several Addresses Are Made—  
Out of Town Masons Here  
For Exercises.

Newly elected officers of Pyth-  
agoras Lodge and Dothan Lodge  
A. F. & A. M., were installed at  
the temple this morning by J. E.  
Searcy, of Abbeville, grand lec-  
turer.

The services were opened with  
prayer by Rev. Eldridge at 10:30  
o'clock, and this was followed by  
an interesting address by Mr.  
Searcy on "Ancient Landmarks." His  
talk made a favorable impres-  
sion with the audience, who  
listened to his words of advice  
and warning with marked inter-  
est.

The following officers were in-  
stalled: Dothan Lodge, No. 466,  
F. H. Martin, Worshipful Master;  
J. A. Hicks, Senior Warden; R.  
C. Fowler, Junior Warden; K. L.  
Forrester, Treasurer; E. C. Hall,  
Secretary; W. L. Gammon, Sen-  
ior Deacon; C. C. Bettom, Junior  
Deacon; Sam Belcher and Quinn  
Williams, Stewards; W. J. Wil-  
liams, Tyler; G. W. Cherry, Chap-  
lain.

Pythagoras Lodge, D. C. Car-  
michael, Worshipful Master; W.  
H. Tew, Senior Warden; T. B.  
Dobbins, Junior Warden; W. C.  
Fenn, Treasurer; S. Lisenby, Sec-  
retary; R. J. Harrison, Senior  
Deacon; J. P. Stephens, Junior  
Deacon; A. B. Carroll and J. H.  
Sanders, Stewards; Harry C.  
Copeland, Tyler; Rev. E. H. Jen-  
nings, Chaplain.

Mrs. C. T. Bham, Worthy Mat-  
ron of the Eastern Star, made an  
interesting address, that appear-  
ed to be greatly appreciated by  
the audience.

The exercises this afternoon  
were devoted mostly to fun and  
frolic.

Many out of town Masons are  
attending the exercises.

Don't you love Joe test? Lem-  
ons are cheaper at Greene's 10c  
Store.

J. E. Searcy, of Abbeville was  
in Dothan today.

Look out for Greene's 10c Store  
circulars this afternoon.

E. C. Glover, of Abbeville, came  
to Dothan today.

It is this that I may possibly lose my  
job in the Probate Office, and  
the income from my investments  
may be swept away, and the pros-  
pects for the future may look  
gloomy to me, but I have this  
consolation, knowing, that when  
all honorable efforts for me have  
failed, there is open, if I should  
so desire, an avenue of selling  
fake life insurance. If I should  
go into this business, and at the  
end of one year it should not be  
beneficial, I would have the right  
to move to Brewton, Ala. So all  
the avenues for a livelihood are  
not closed yet. Then when my  
contract expires with the Probate  
Office, it may be open that there  
are still other lines of business  
which I may pursue—especially  
fake insurance business.

Photo taken at the commencement of the class of 1915 at the United States Military Academy at West Point, shows the cadets and invited guests before the rostrum, on which Secretary of War Garrison made his ringing speech, and to which a cadet can be seen advancing to receive his diploma and commission as a second lieutenant in the United States regular army.

## BURGLAR MAKES HIS ESCAPE

Having in his possession a sack  
of hams, and a can of lard, an  
unidentified person was surpris-  
ed by armed citizens at Grimes  
Wednesday, and when fired upon,  
was forced to drop the loot.

The man had broken into a  
Box car on the Atlantic Coast  
Line railroad, and had obtained a  
supply of articles which he want-  
ed. When he realized that he  
was discovered, he succeeded in  
making his escape, the shot di-  
rected towards him going wild.

## FIRST U. S. SUBMARINE SENT TO JUNK PILE

Philadelphia, June 24.—The  
first submarine boat purchased  
by the United States government  
was sent to the junk pile yester-  
day. It was the Holland 9. The  
little craft, only a mile compar-  
ed with the submarines now mak-  
ing history in Europe, was haul-  
ed out of the Delaware river,  
and will be broken up for the ma-  
terial that is in it.

The Holland 9 was completed  
in 1900 and cost \$150,000.

## SEVEN FISHING SHIPS SUNK BY SUBMARINE

London, June 24.—Seven fish-  
ing vessels known as drifters  
have been sunk by a German  
submarine off the coast of Scot-  
land. Most of the crews of the  
fishing boats were saved.

The crews of the boats were  
taken aboard the American

last night at a point east of the

## INSURANCE IS DIVIDED

Insurance to Be Pro Rated Ac-  
cording to Amount of License  
Tax Paid.

Readjustment of insurance on  
the city hall building and the  
High School building occupied  
the time of aldermen at a special  
meeting of City Council held yester-  
day afternoon at 4:30 o'clock  
and several important changes  
were made.

The insurance will be divided  
among local agents according to  
the amount of license tax they  
pay, and no policy will be writ-  
ten for a period longer than one  
year. Heretofore, the policies  
have been for five years on the  
school building and three years  
on the city hall.

The High School building will  
be insured for about \$24,000 and  
the city hall for about \$20,000.

## WILL PATE IS EXONERATED

Watch Sold by Dove McClain  
to Another Negro, Identified  
as Property of H. M.  
Johnson.

Sheriff John A. May gave out  
information today exonerating  
Will Pate, of Ashford, who was  
arrested some time ago on a  
charge of burglarizing the resi-  
dence of H. M. Johnson, near  
Ashford. Following the robbery  
of his house, Mr. Johnson served  
out a warrant charging Will Pate  
with the offense.

McClain, the negro who was kill-  
ed by John Graddock of Headland  
several weeks ago, while the ne-  
gro was attempting to burglarize  
the house, at one time worked for  
Mr. Johnson, of near Ashford.  
A watch was sold to a certain  
negro by Dove McClain, and re-  
covered by Sheriff May, which  
has since been identified as hav-  
ing been stolen from Mr. John-  
son, this evidence placing the re-  
sponsibility of the burglary on  
the dead negro, instead of Will  
Pate.

The discontent with the man-

American to go into the munition  
business of American and Cana-  
dian contractors for war munition.  
It is understood that this agent  
will be Sir Thomas Shackleton,  
president of the Canadian Pac-

## What Shall We Do?

Everybody has a remedy for the farmer to break even when the boll weevil comes.

At times we had hopes that our farmers would be prepared for him when he arrived. That isn't to be seriously expected. No section where the boll weevil has reached were the farmers prepared for him. There is no use in figuring that our farmers will be so much ahead of those from here to the Mexican line of Texas, who first experienced the confusion the boll weevil brought over twenty years ago.

We doubt whether it would be advisable for the farmers to all fall upon one plan. We doubt the wisdom of cutting the crop of cotton entirely out. We don't think the remedy lies in any course.

It is a fact, however, that each community will have certain farmers who will take care of themselves, and others will suffer when any calamity befalls them.

In the grocery stores and at the fruit stands in Dothan are found a number of cantaloupes. Six or eight years ago, somebody came along—Capt. Kolb, by the way—and had our farmers to go wild on the cultivation of cantaloupes. He was going to see that they had a proper marketing arrangement. The farmer did his part and made the cantaloupes, but the market was glutted and outside of the few crates sold in Dothan, there was but little return from the crop.

Now this year, and last year, and any year—if the county had a few farmers who would continue to plant a good variety of cantaloupes, there would be no trouble in disposing of them here at home. If enough of them were to get together, and make their own arrangements for shipping, it is possible that they would mop up on that one thing, but it lacks organization.

The same can be said about sweet potatoes. Last spring was a dry spring, like this one, and few potatoes were raised. Those who had them to spare, put them on the market just at the time when everybody had sweet potatoes, and as a result, 75c a bushel was a big price, and some sold as low as 50c.

Now, a local wholesale grocery company had an order for a car load of sweet potatoes the other day—or it might have been more than a car. None could be found. They had all been sold eaten up, or rotted, for lack of proper care in gathering and storing them. If the farmer would use judgment in gathering sweet potatoes, giving special care to have no bruised ones placed in the bulk, and putting them up so that the sap will dry out, it is no trouble to keep them. A Southwest Alabama farmer kept his entire crop, down in the Baldwin county sections, and now he is getting his \$1.75 a bushel for them. That's the way to grow sweet potatoes; grow them so you can house them. They can be kept. Any agricultural college, or the department of agriculture at Montgomery, or Washington, can tell you how sweet potatoes can be cured and saved. If they are dug when the ground is wet, and when the potato is full of sap, and then piled up in bulk, often they will all rot. But if they are put in a dry house, with preparations made to dry the moisture out of them, they can be kept. Some keep them successfully without this dry-kiln arrangement, but in big quantities, it is the safest way to dry them out with hot air from a stove placed in the building.

### "The Thinkers of the Country Are the Tobacco Chewers"

said one of the greatest thinkers this country ever produced.

#### Says the Banker:

"The daily care of other people's money takes heavy toll from a man's nerves and brain.

The banker who can find a tobacco that will lend keenness and calmness to his brain without exacting compound interest from his nerves, has found something to be thankful for."

PICNIC TWIST is just that sort of tobacco—full of mildness and natural sweetness that you can't find in heavy tobacco and without a heavy tobacco's "come back" on the nerves.

Only the mild mellow part of the leaf goes into the soft, convenient PICNIC TWISTS. Isn't that the sort of a chew you want?

to raise sweet potatoes. If they haven't the plants, they can be had free from your neighbor, and they will make a good crop if put out as late as July when there is anything like a season.

Potatoes will be scarce this fall, because of the present dry spring, and summer. Few have set out any. When the rains do come, the farmers will get busy with cotton, or the corn, and expect to set out a potato patch on Saturday afternoon, and we will have not half enough potatoes to supply the home market.

The safest thing to do is to do something you know how. You can grow something to eat, for we will all continue to eat, matters not how dull business gets, and how the European war progresses.

But one thing we advise this county to do: Just as soon as it rains, go to setting out potatoes and don't stop till you have about four times more set out than ever before. You can't go far wrong.

#### A Wrong is Done.

Whichever way you look at the notorious Frank case, there has been a grievous wrong done in the premises, according to our point of view.

If the man was guilty of the heinous crime laid at his door, hanging by the neck till he was dead as a door nail, was entirely too good for him.

If he was innocent enough to be commuted, then it is doing

## CALOMEL WHEN BILIOUS? NO! STOP! "MAKES YOU SICK AND SALIVATES"

"Dadson's Liver Tonic" Is Harmless To Clean Your Stomach Liver and Blood.

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you may lose a day's work.

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel, when it comes into contact with your bile crashes into it, breaking it up. This is when you feel that awful nausea and cramping. If you are sluggish and "all knocked out," if your liver is torpid and bowels constipated, if you have headache, dizziness, coated tongue, if breath is bad or stomach sour, get a bottle of harmless Dadson's Liver Tonic. It's the only safe way to get your liver and blood clean.

Here's my guarantee—Go to any drug store and get a 50-cent bottle of Dadson's Liver Tonic. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous, I want you to go back to the store and get your money. Dadson's Liver Tonic is destroying the sale of calomel because it is a real liver medicine; entirely vegetable, therefore it can not salivate or make you sick.

I guarantee that one spoonful of Dadson's Liver Tonic will put your sluggish liver to work and clean your bowels of that sour bile and constipated waste which is clogging your system and making you feel miserable. I guarantee that a bottle of Dadson's Liver Tonic will keep your entire family feeling fine for months. Give it to your children. It is harmless, doesn't gripe and does the job.

#### Handsome of Mr. Bryan.

Mr. Bryan has given denial to the many reports afloat that he resigned from the cabinet because of resentment upon being ignored by the president. Mr. Bryan himself says:

"Yes, I have seen some of these stories from time to time. While I was secretary of state I could not, of course, make any reply because it might have appeared like an attempt to claim credit for work done in connection with foreign affairs.

"Now that I am no longer in the state department there is no reason why I should not deny these stories. Even now a denial ought not to be necessary, because, if the stories be true, they would be as much of a reflection upon the president as upon me.

"But I am glad to make refutation and to say that the president did me the honor to confer with me about everything done in connection with the state department. Not a single statement was issued by the president or prepared by him about which I had not privilege of conferring with him before hand, and opportunity to offer suggestions after the statement was prepared.

"We have never had any material differences on the question of policy until the submarine controversy arose, and our notes—my note of resignation and his note of accepting it—have clearly and distinctly set forth the only differences that existed on this matter.

"No person will hereafter have any excuse for repeating these stories."

We think this is very well said and shows Mr. Bryan in an admirable attitude toward his former associate, the president.—Mobile Register.

## THE BEST

is the  
CHEAPEST

How often you hear that said about shoes, or clothes, or food.

It's much more true when applied to drugs and drug-store merchandise—on most of which far more vital things depend than mere good looks or pleasure.

Did you ever think of that? When health—perhaps life itself—is in question, the best is not only the cheapest—it's the SAFEST.

You always get THE BEST from us—and it's always the cheapest too, because it always gives the BEST POSSIBLE RESULTS.

And it costs you no more—usually less—than elsewhere.

## JOB FOR THE PSYCHOLOGIST

Probably Will Keep Him Guessing for Some Time, If He Can Work It Out.

At last an eminent psychologist has made an important discovery which does not upset all our previous notions. President G. Stanley Hall of Clark university is the discoverer. And his discovery is, assuming him to have been correctly reported, that the typical American girl of eighteen years is so interesting that he would be almost willing to go on his knees to her, not as a man, perhaps, but as a psychologist.

Now it happens that plenty of people are, as a matter of fact, doing every day as men what President Hall suggests doing as a psychologist. But at just this point the puzzles begin—and also the task of the psychologist.

It is presumed that the job of the psychologist is to figure out how our brains work. If he can figure out how the brains of the typical American girl of eighteen operate and revolve, he will have conferred a vast and lasting benefit on bewildered masculinity—particularly on those who have knelt, not as psychologists, but as men. The distinction may not look important, but it contains all the difference between being or not being "in the know."

Mr. Harrington Emerson, the famous efficiency engineer, classes among the greatest organizations of human history the organization of woman.

Subaltern—I should like to pay that little bill of yours before I go away, Mr. Snip.

Tailor—Thank you, sir; thank you.

Subaltern—But I can't.

## TOO DANGEROUS.

"That's a lie. My son didn't need nothin' that money could buy."

## THOUGHT SHE COULD NOT LIVE

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Unionville, Mo.—"I suffered from a female trouble and I got so weak that I could hardly walk across the floor without holding on to something. I had nervous spells and my fingers would cramp and my face would draw, and I could not speak, nor sleep to do my good, had no appetite, and everyone thought I would not live."

Some one advised me to take Lydia E. Pinkham's Vegetable Compound. I had taken so much medicine and my doctor said he could do me no good so I told my husband he might get me a bottle and I would try it. By the time I had taken it I felt better. I continued its use, and now I am well and strong.

"I have always recommended your medicine ever since I was so wonderfully benefited by it and I hope this letter will be the means of saving some other poor woman from suffering."

Mrs. MARTHA SHAW, Box 1144, Unionville, Missouri.

W. W. BARNETT

set this town by the ears by throwing up her piece job in a New Your office and joining the oil tank crew of Oilton. She is on the job in the yards of the Santa Fe railroad, checking up the material arriving for the construction of big storage tanks. Each of the big tanks holds 55,000 barrels of oil and it takes seven cars to haul the necessary material. The girl has out done all the men checkers ever engaged in the work and she knows exactly the amount of material taken from the cars by each teamster in a day. She checks up the work of 100 wagons daily. Although used to the polished ways of the city, she has found favor with the "skimmers," who are hired by the tank company. These tough characters have made her the queen of the camp, and she is as safe with them as in her New York flat. According to her boss she is the best checker in the oil fields, and never needs to carry a gun. On her hours off, she rides her horse in the outskirts of the camp, and is saluted everywhere by the "bad men."

Miss Julia Poyner is just from New York, where she took her M. A. degree at Columbia University, having spent there a year's leave of absence from a girl's institution she is a member of the faculty; and Miss Leila Poyner has recently finished a year of teaching at Bessemer, Ala. They will both go from here to Mount Hebron, to spend the summer with their parents.—Columbia, S. C. State.

## COCONUT OIL FINE FOR WASHING HAIR

If you want to keep your hair in good condition, the less soap you use the better. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain coconut oil (which is pure and entirely greaseless), is much better than any of the soaps you can use for washing, as this can't possibly injure the hair.

Simply massage your hair with coconut oil and rub it in. One or two applications will make an abundance of hair, remove dandruff, and cleanse the scalp and scalp thoroughly. The hair grows out easily, and removes every trace of dandruff, dirt, and oil. The hair dries quickly and evenly, and it keeps it soft and shiny. Apply and say so.

## AT MEMORY'S GATE.

Early and late  
I watch and wait  
At Memory's Gate.

As I peep through,  
Friends I once knew  
Through the dim view.

Far down the way  
We children stray,  
And talk and play;  
They seem so near  
I almost hear  
The words they say—  
I knew I trace  
Each tiny face.

O moments rare!  
Deep vision fair!  
Loved ones are there,  
Some day I know  
That I shall go.

To where they dwell—  
Till then! Ah! well—  
Early and late  
I'll watch and wait  
At Memory's Gate.

—T. Sanford in London Spectator.

## MY WIFE.

Trusty, dusky, vivid, true,  
With eyes of gold and bramble dew  
Steel true and blade straight.  
The Great Artificer made my mate.

Honor, anger, valor, fire,  
A love that life could never tire.  
Death quench, or evil stir,  
The Mighty Master gave to her.

Teacher, tender comrade, wife,  
A fellow-farer true through life.  
Heart-whole and soul free,  
The angust Father gave to me.

—Robert Louis Stevenson.

## They Tell us it was Hot Yesterday

In fact we heard numerous persons dilating on the extreme warmth when they entered the sanatorium. We are willing to believe that it was hot, but we know one thing—it was not hot here. We think that a meat shop should be kept cool in the summer and we put our thoughts into action, as those big fans will testify. Our meat stays in the refrigerator and while you are in the shop you stay in the midst of the coolest and most refreshing breezes. Yes, we like to toot our own horn; but you see it isn't all hot air.

## SAGE TEA KEEPS

## YOUR HAIR DARK

When Mixed With Sulphur It Brings Back Its Lustre and Abundance.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks dry, wispy, and scraggly, just a few applications of Sage Tea and Sulphur enhance its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the tonic at home or get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound." Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully and removes dandruff, stops scalp itching and falling hair; besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this thru the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and luxuriant, and you appear years younger.
